Getting--and staying--organized is a challenge in and of itself. Add motherhood to the mix, and you've got a whole new dimension of difficulty. So how does a busy mom stay on top of the daily chaos that children inevitably bring along with them? No matter what your situation is, Kristi Clover's home organization systems will work for you. Her foundational rules are highly adaptable and will help you make your home more efficient no matter where you live or how many kids you have (and how messy they are). She helps you prioritize, break down big jobs, declutter, develop age-appropriate chores for your kids, tackle the endless piles of laundry, and so much more. If you long to have a functional and fabulous home for your family and you're tired of feeling overwhelmed by all the work, this life-changing book is for you! This is a useful 240 page cute Cactus design daily planner. Use this inspiring succulent printed notebook for taking school notes, work or life notes, setting your weekly goals, tracking homework, to-do list or work and personal tasks. This is the first of this planning series: Included are August, September and October calendar along with Monday through Friday organized sections with goal setting pages for the week and notes for each day of the week. She wants faith, hope, and love. She wants help and healing. She wants to hear and be heard, to see and be seen. She wants things set right. She wants to know what is true—not partly true, or sometimes true, or almost true. She wants to see Truth itself, face-to-face. But here, now, these things are all cloudy. Hope is tinged with hurt. Faith is shaded by doubt. Lesser, broken things masquerade as love. How does she find something permanent when the world around her is always changing, when not even she can stay the same? And if she finds it, how does she hold on? She Reads Truth tells the stories of two women who discovered, through very different lives and circumstances, that only God and His Word remain unchanged as the world around them shifted and slipped away. Infused with biblical application and Scripture, this book is not just about two characters in two stories, but about one Hero and one Story. Every image points to the bigger picture—that God and His Word are true. Not because of anything we do, but because of who He is. Not once, not occasionally, but right now and all the time. Sometimes it takes everything moving to notice the thing that doesn't move. Sometimes it takes telling two very different stories to notice how the Truth was exactly the same in both of them. For anyone searching for a solid foundation to cling to, She Reads Truth is a rich and honest Bible-filled journey to finally find permanent in a world that's passing away. If you can't get enough of The Great Gatsby,

then this is one book you will not want to miss. This companion is a bundle of several of BookCaps™ bestselling books. It includes a short biography of F. The practical, user-friendly, insider's guide to mastering StarOffice, which opens files in over 200 formats, including Microsoft Office Word, Excel, and PowerPoint files. This practical, comprehensive, task-based guide to making the most of StarOffice 6.0 incorporates solutions to questions from hundreds of new StarOffice users, as well as insider's tips for power users, making this the most practical, task-oriented book around. We are drowning in paper. We keep stacks of it on the kitchen counter, stash it in drawers, and stuff file cabinets full of documents (just one file cabinet can hold 18,000 sheets of paper - yikes). Despite this clear crisis of paper, there hasn't been a book devoted to managing and organizing this single most abundant item in our homes - until now. In *The Paper Solution*, Lisa Woodruff delivers a proven, step-by-step guide to decluttering the paper in our lives and sorting what's left behind into easily accessible, structured, and, most importantly, manageable files. The system Woodruff offers isn't based on unrealistic advice, such as 'touch a piece of paper only once'. Instead, it accounts for paper's unique qualities: its sentimental value, ability to accumulate

astonishingly fast, the generational differences in how it's treated, and the fact that it's not going anywhere despite the popularity of minimalism movements such as Kon Mari. Woodruff's approach is doable, effective, and compassionate. Much more than simply cleaning out your files, *The Paper Solution* will help you organize your paperwork with a purpose—removing the heavy burden of a chaotic mess and giving you the space and time to enjoy what you love and discover a sense of peace. “This book made me happy in the first five pages.” —AJ Jacobs, author of *The Year of Living Biblically: One Man's Humble Quest to Follow the Bible as Literally as Possible* Award-winning author Gretchen Rubin is back with a bang, with *The Happiness Project*. The author of the bestselling *40 Ways to Look at Winston Churchill* has produced a work that is “a cross between the Dalai Lama’s *The Art of Happiness* and Elizabeth Gilbert’s *Eat, Pray, Love*.” (Sonya Lyubomirsky, author of *The How of Happiness: A Scientific Approach to Getting the Life You Want*) In the vein of *Julie and Julia*, *The Happiness Project* describes one person’s year-long attempt to discover what leads to true contentment. Drawing at once on cutting-edge science, classical philosophy, and real-world applicability, Rubin has written an engaging, eminently relatable chronicle of transformation.

Learn to bring about dynamic personal growth using five uniquely effective tools—from psychotherapist Barry Michels and psychiatrist Phil Stutz, subject of the Netflix documentary *Stutz*, directed by Jonah Hill. “These tools are emotional game changers. They do nothing less than deliver you to your best and most powerful self.”—**Kathy Freston**, author of *Quantum Wellness* *The Tools* offers a solution to the biggest complaint patients have about therapy: the interminable wait for change to begin. The traditional therapeutic model sets its sights on the past, but psychiatrist Phil Stutz and psychotherapist Barry Michels employ an arsenal of techniques—“the tools”—that allow patients to use their problems as levers that access the power of the unconscious and propel them into action. Suddenly, through this transformative approach, obstacles become new chances—to find courage, embrace discipline, develop self-expression, deepen creativity. A dynamic, results-oriented practice, *The Tools* aims to deliver relief from persistent problems and restore control and hope right away. Every day presents challenges—big and small—that the tools transform into opportunities to bring about bold and dramatic change in your life. Stutz and Michels teach you how to:

- **Get Unstuck:** Master the things you are avoiding and live in forward motion.
- **Control Anger:** Free yourself from out-of-control rage and never-ending grudges.
- **Express**
