The Well-Trained Mind: A Guide to Classical Education at Home (Fourth Edition) Dec 27 2019 Is your child getting lost in the system, becoming bored, losing his or her natural eagerness to learn? If so, it may be time to take charge of your child's education—by doing it yourself. The Well-Trained Mind will instruct you, step by step, on how to give your child an academically rigorous, comprehensive education from preschool through high school—one that will train him or her to read, to think, to understand, to be well-rounded and curious about learning. Veteran home educators Susan Wise Bauer and Jessie Wise outline the classical pattern of education called the trivium, which organizes learning around the maturing capacity of the child's mind and comprises three stages: the elementary school "grammar stage," when the building blocks of information are absorbed through memorization and rules; the middle school "logic stage," in which the student begins to think more analytically; and the high-school "rhetoric stage," where the student learns to write and speak with force and originality. Using this theory as your model, you'll be able to instruct your child—whether full-time or as a supplement to classroom education—in all levels of reading, writing, history, geography, mathematics, science, foreign languages, rhetoric, logic, art, and music, regardless of your own aptitude in those subjects. Thousands of parents and teachers have already used the detailed book lists and methods described in *The Well-Trained Mind* to create a truly superior education for the children in their care. This extensively revised fourth edition contains completely updated curricula and book lists, links to an entirely new set of online resources, new material on teaching children with learning challenges, cutting-edge math and sciences recommendations, answers to common questions about home education, and advice on practical matters such as standardized testing, working with your local school board, designing a high-school program, preparing transcripts, and applying to colleges. You do have control over what and how your child learns. *The Well-Trained Mind* will give you the tools you'll need to teach your child with confidence and success.

Letters from Cuba May 31 2020 Pura Belpré Award Winner Ruth Behar's inspiring story of a young Jewish girl who escapes Poland to make a new life in Cuba, while she works to rescue the rest of her family The situation is getting dire for Jews in Poland on the eve of World War II. Esther's father has fled to Cuba, and she is the first one to join him. It's heartbreaking to be separated from her beloved sister, so Esther promises to write down everything that happens until they're reunited. And she does, recording both the good--the kindness of the Cuban people and her discovery of a valuable hidden talent--and the bad: the fact that Nazism has found a foothold even in Cuba. Esther's evocative letters are full of her appreciation for life and reveal a resourceful, determined girl with a rare ability to bring people together, all the while striving to get the rest of their family out of Poland before it's too late. Based on Ruth Behar's family history, this compelling story celebrates the resilience of the human spirit in the most challenging times.

Hindu Dharma-A Teaching Guide Aug 22 2019 This book builds an overarching view of the essential elements, themes, and teachings of the world's oldest surviving faith tradition Hinduism. Each theme is divided in easy to follow lessons. Highly philosophic content of Vedic chants is made simple enough for students as young as 5. For in-depth study, several appendices guide students into scholarly understanding of complex philosophic ideas such as the nature of reality, the nature of the mind, and the cosmic laws enshrined in the Vedic and post-Vedic texts. As a teacher with 20+ years of experience, the author presents ancient wisdom in simple language. Many books have been written about Hinduism, many of them incomplete and confusing. This book will appeal to those seeking an easy to read, logical approach to both understanding and teaching Hinduism. The book will be useful to parents, grandparents, teachers and students alike.

A Letter from Your Teacher Feb 06 2021 From the author and illustrator of *Our Class is a Family*, this touching picture book expresses a teacher's sentiments and well wishes on the last day of school. Serving as a follow up to the letter in *A Letter From Your Teacher: On the First Day of School*, it's a read aloud for teachers to bid a special farewell to their students at the end of the school year. Through a letter written from the teacher's point of view, the class is invited to reflect back on memories made, connections formed, and challenges met. The letter expresses how proud their teacher is of them, and how much they will be missed. Students will also leave on that last day knowing that their teacher is cheering them on for all of the exciting things to come in the future. There is a blank space on the last page for teachers to sign their own name, so that students know that the letter in the book is coming straight from them. With its sincere message and inclusive illustrations, *A Letter From Your Teacher: On the Last Day of School* is a valuable addition to any elementary school teacher's classroom library.

Hands-on Phonics Activities for Letter Sounds Aug 27 2022 "The eleven stories were written for the short vowels and consonants that are difficult to find in current children's books. These stories were written with a high frequency of words beginning with the sounds of the short vowels a, e, i, o, u and consonants q, s, v, y, and z. Words for the letter x have the sound at the end. A small version of the text for these stories has been included in this packet to refer to because pages were not numbered."--Cover.
